Curative Specialist Seating range by Care Shop

- Reduces hoisting by 50%
- Quick turnaround from as little as 3 days
- Comprehensive assessment of service users' needs prior to recommending a chair
- All chairs delivered and installed by our team
- Full two year warranty
- Free six monthly safety/suitability assessment throughout the life of the chair
- Free staff training
- All chairs manufactured in the UK

Care Shop's moving and handling range, Curative, has been designed to maximise comfort and safety for both the resident and health care professional.

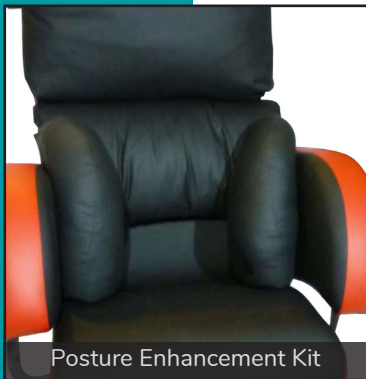

Our entire range is manufactured in the UK and surpasses the strict British Standards guidelines.

To maximise the value of your investment, Delivered Health Solutions service and Installation teams will support you and your equipment.

They specialise in on-site LOLER, PUWER and PAT testing across all moving, handling and pressure area care equipment.

Training is also available on all moving and handling equipment from Care Shop .

For your LOLER and PUWER inspections and servicing please call the DHS Service Team on 0161 848 4000
